Andrew.Smith@nca.gov.au

Thankyou for your email advice of 10 May, forwarding the NCA discussion paper on the proposed seaplane operations on Lake Burley Griffin. As you'll be aware from recent previous correspondence, the Canberra Yacht Club has significant and vital interests in relation to this proposal.

Our submission to the consultation process is attached.

The Canberra Yacht Club feels that development of the NCA discussion paper could have been improved had there been some follow up and discussion with us on the matters raised in the material we provided to the NCA back in February. Instead, we feel that coverage of some of those matters in the NCA discussion paper has shortcomings.

We ask that, before any final NCA positions on this proposal are reached, the NCA might engage directly with us to discuss any of the matters we have raised or which may be otherwise relevant to the impact on us of this proposal. In almost all cases we will be able to provide further detail or background and to resolve any avoidable misconceptions.

We are available and very happy to discuss these matters.

Yours Sincerely

Sue Hart
Commodore
Canberra Yacht Club
